

Help Studying for the Elements Quiz

My best suggestion for you guys is to make flashcard in order to memorize them. I know there are also some apps out there that you can download to help quiz you (Quizlet). Remember that the first letter of the symbol is ALWAYS capital and the second letter is ALWAYS lowercase. Happy Studying 😊

Here is a list of all the elements you are required to know:

Hydrogen- H

Manganese - Mn

Helium – He

Iron - Fe

Lithium – Li

Cobalt - Co
